Dawn Godwin of Great Hollands Dry Cleaners near Bracknell in Berkshire is the lucky winner of a Fortnum & Mason hamper worth £100. She won the prize in a recent competition organised by the UK's leading laundry and dry cleaning equipment distributor, Renzacci UK plc.

The hamper was the prize in a draw publicised in the latest edition of Clean Sheet, the Company's newsletter. The presentation was made by the Managing Director of Renzacci UK, Jason Alexander. Dawn was able to pick her prize from a wide selection of F&M hampers. She chose the 'Regent' hamper, which contains a feast of classic luxuries, such as venison terrine, a truffle selection, sundried olives, a bottle of claret and, of course, champagne.

Dawn, pictured here with the hamper, was delighted with her good fortune and thanked Renzacci for its generosity saying: "With four young children, it's not often my partner and I get a treat just to ourselves, so this is very welcome. We will certainly enjoy investigating the contents of the hamper".
